WEATHER HIGHLIGHT

Temperatures were in the 70's and 80's with a few locations in western Oregon in the 90's. Relative humidities were in the 20's and 30's across most of the area with single digits in eastern Oregon and 30's to 40's in western Washington. Poor overnight relative humidity recovery was observed across Oregon and southern Washington. It was breezy in the Willamette Valley and along the Columbia River with the light winds in other locations. No rain or lightning was reported. Initial attack was light. No significant growth was reported on existing fires.
