Acres	.1	0	0	0	0	0	0	0	0	0	0	0	0	.1

WEATHER HIGHLIGHT

Expect mild weather, lowering humidity, plus daily west breezes through the Cascade gaps until at least Saturday. Now seeing some improved model consistency with bringing a transient upper ridge across the area early next week for what looks to be a short-lived warming and drying spell. Wednesday brings gusty winds for areas east of the Cascades as the ridge moves east. Stay tuned as the forecast continues to evolve.
