

NOTICE

PHASE C PUBLIC-USE RESTRICTIONS

Due to Extreme Fire Danger the following public-use restrictions are in effect as of August 9th, 2018 on the Wallowa Whitman National Forest:

1. Campfires are not allowed. Liquid and bottle gas stoves only.

2. No internal combustion engine operation, except for motor vehicles.

3. Smoking is allowed only in enclosed vehicles and buildings, developed recreation sites, or cleared areas.

4. No off-road/off-trail vehicle travel or travel on roads not cleared of standing grass or other flammable material (pictured below); no vehicle travel on those Forest Service roads where access has been impeded or blocked by earthen berm, logs, boulders, barrier, barricade or gate, or as otherwise identified in the Fire Order.

With tinder dry forest fuels and high daytime temperatures, conditions are prime for potential human-caused forest fires. We ask that you be extremely careful when out on the forest. For more information on public-use restrictions, contact your local Forest Service office or visit our websites:
