

NOTICE

PHASE B PUBLIC-USE RESTRICTIONS

Due to High or Extreme Fire Danger, the following restrictions are in effect as of September 5th, 2026 in the Wallowa-Whitman National Forest:

Campfires are only allowed in fire pits provided at the designated recreation sites listed below, or within the Eagle Cap Wilderness (except for year-around campfire rules on the back of Eagle Cap Wilderness permits). Liquefied and bottled gas stoves and heaters may be used, but **charcoal fires are not allowed**. Wood-burning stoves may be used if equipped with a chimney at least 5-feet in length and a spark-arresting screen consisting of ¼-inch mesh hardware cloth, and all flammable vegetation within a 3-foot radius is cleared, including overhanging material. Separate year-around rules apply within a ¼ mile of the Wild and Scenic portions of the Snake River (fs.usda.gov/alerts/wallowa-whitman/alerts-notice). Public lands in Idaho administered by the Wallowa-Whitman follow separate Idaho Fire Restrictions (idahofireinfo.com/p/fire-restrictions.html)

Near Baker City, Oregon:

- Anthony Lakes Campground and Picnic Area
- Grande Ronde Lake Campground and Day Use Area
- Millers Lane Campground
- Mud Lake Campground
- Southwest Shore Campground
- Union Creek Campground and Picnic Area

- Lick Creek Campground
- Lostine River Corridor Campsites
- Ollokot Campground
- Pole Bridge Day Use
- Saddle Creek Campground
- Shady Campground
- Turkey Flats Campground
- Two Pan Campground
- Walla-Walla Campground
- Williamson Campground

Use of Chainsaws or other Internal Combustion Engines (other than motor vehicles) **are not allowed, except for persons holding a valid fuelwood cutting permit** (subject to conditions outlined in personal and commercial fuelwood permit per IFPL guidelines). Generators will only be allowed when fully contained in the bed of a pickup truck or in an area that has been cleared, at least 10 feet in diameter, of all flammable material.

Traveling Off Developed Forest Roads and Trails is Not Allowed, except when parking in an area devoid of vegetation within 10 feet of the roadway. All motorized travel on roads closed by gates, barricades, berms, rocks, or logs is prohibited.

No Smoking, except within an enclosed vehicle or building, developed recreation site, or while stopped in an area at least three feet in diameter that is barren or cleared of all flammable material.

With dry forest fuels and high daytime temperatures, conditions are prime for human-caused forest fires. We ask everyone to be extremely careful when out in the forest.

For more information on fire restrictions, contact a Forest Service office or visit our websites: <http://bmidc.org/restrictions.shtml> or www.fs.usda.gov/wallowa-whitman <http://bluemountainfireinfo.blogspot.com/>
